

## Subject: Sports Studies

### Curriculum intent:

This course will provide learners with essential knowledge, transferable skills and tools, contributing to both their personal development and future economic well-being. Sport Studies will equip learners with sound specialist knowledge and practical skills relevant to the sport and physical activity. Learners will develop an understanding of Contemporary Issues in Sport, participation, ethics and the role of sport in society, while also improving their practical performance and leadership skills through planning, leading and evaluating sports activities. The course will challenge all learners by introducing demanding content and applied tasks that encourage independence, creativity and critical thinking, while promoting key sporting values such as teamwork, respect, inclusion and fair play.
