<p>4</p>	<ul style="list-style-type: none"> Well done! You should now be on TEAMS. Your teachers will have added you to a number of TEAMS. You should have a TEAM for every subject on your timetable. 		
<p>5</p>	<ul style="list-style-type: none"> Click on the TEAM you want to look at. You will find lots of options within each TEAM. 		
<p>6</p>	<ul style="list-style-type: none"> In the general area you will see any posts from your teachers. All teachers for a subject can post in this area. You can find information about assignments and live lessons here. 		<p>To see any separate posts from your own teacher you should click on your class channel which should appear below the general channel on the left.</p>
<p>7</p>	<ul style="list-style-type: none"> In this area you can also find the files section. This is where all your lessons will be. There may be PowerPoints, worksheets or other resources. These should all be clearly labelled with dates and lessons. 		<p>I cannot find the work or my assignments: If you cannot find the work or the assignment for a subject on your timetable, please contact your class teacher in the first instance.</p> <p>Whilst they may not be able to reply right away they will help you.</p>

<p>8</p>	<ul style="list-style-type: none"> You should also find the assignments option at the top. If you click on here, you can see any assignments you have been set for that subject. <p>9</p>	<ul style="list-style-type: none"> Useful Tip: Some students prefer to find their assignments by clicking on the assignment's icon on the left of the screen. 		<p>Look carefully at the dates on the assignments.</p> <p>You do not need to go back and complete assignments from November/December.</p>
<p>10</p>	<ul style="list-style-type: none"> Another useful icon on the left of your screen (when in Teams) is the Calendar. Where your teacher has scheduled meetings for live lessons, they should appear here. Useful Tip: You can click on the meeting itself, then choose to Join the meeting this way. 		<p>Some meetings may take place in your individual class channels.</p> <p>Make sure you look at any information from your teachers to find out how to access your live lessons.</p>
